Cabify-Lite - Pricing Sheet

Revenue Operations | Version 5.1 | Effective 1 August 2026 | Bengaluru service area | All amounts in INR, inclusive of GST

This sheet sets out every rate from which a Cabify-Lite fare is calculated. It forms part of the Terms & Conditions. Where a fare is disputed, the rates in force on the date of the ride apply.

1. Core fare components

Every completed ride is charged as: base fare + (per-km rate x distance) + (per-minute rate x duration), plus any surcharges in section 2, and subject to the minimum fare.

Component	Rate	Applies to	Notes
Base fare	Rs. 40.00	Every ride	Charged on driver acceptance of a ride that proceeds
Per-kilometre rate	Rs. 12.00 / km	Distance travelled	Measured on the GPS trace, not on the estimate
Per-minute rate	Rs. 1.50 / min	Journey duration	Includes time stationary in traffic
Minimum fare	Rs. 60.00	Every completed ride	Floor; applied where the computed fare is lower

2. Surcharges

Surcharge	Amount	When it applies
Airport pickup or drop-off	Rs. 75.00	Kempegowda International Airport, either direction
Late night	Rs. 25.00	Rides commencing between 23:00 and 05:00
Additional stop	Per-minute rate	For the duration of the stop, plus any additional distance
Tolls, parking, entry fees	At cost	Passed through; itemised separately on the invoice
Cleaning recovery	Rs. 200 - 1,500	On assessed evidence; see Terms & Conditions clause 7.4

3. Fixed penalty charges

Charge	Amount	Governed by
Rider cancellation fee	Rs. 30.00	Refunds & Cancellations Policy, s.2.3
No-show fee	Rs. 60.00	No-Show Policy, s.3 - flat, never multiplied by surge
Instant payout fee (drivers)	Rs. 10.00	Driver Handbook, s.8.4

The no-show fee is a flat charge. It is not multiplied by the surge factor in section 4, and it is not charged in addition to the waiting charges in section 5.

4. Surge bands

At times of high demand a surge multiplier is applied to the per-kilometre and per-minute components only. The base fare, the minimum fare and all fixed charges in section 3 are never surged. The multiplier in force is displayed to the rider before the booking is confirmed.

Band	Demand condition	Multiplier	Applies to
Band A - Normal	Supply meets demand	1.0x	-
Band B - Busy	Open bookings exceed available drivers by up to 25%	1.3x	Per-km and per-minute
Band C - Peak	Open bookings exceed available drivers by 25-60%	1.6x	Per-km and per-minute
Band D - Severe	Open bookings exceed available drivers by 60-100%	1.9x	Per-km and per-minute
Band E - Exceptional	Above 100%, or a weather or disruption advisory is active	2.2x	Per-km and per-minute

The multiplier is recalculated every 3 minutes per service zone. A multiplier above 2.2x is not applied under any circumstances. Surge accepted at the point of booking is not refundable (Refunds & Cancellations Policy, s.4.2).

5. Waiting charges

Waiting charges apply to rides that proceed. Where the rider never boards and a valid no-show is recorded, the flat no-show fee replaces these charges entirely.

Pickup type	Free waiting	Thereafter	Cap
Standard pickup	5 minutes from marked arrival	Rs. 2.00 / min	Rs. 60.00

Pickup type	Free waiting	Thereafter	Cap
Airport pickup	10 minutes from marked arrival	Rs. 2.00 / min	Rs. 120.00
Mid-journey stop requested by rider	None	Rs. 1.50 / min	No cap

6. Worked examples

Scenario	Calculation	Total
8 km, 24 min, Band A	40 + (12 x 8) + (1.50 x 24)	Rs. 172.00
8 km, 24 min, Band C (1.6x)	40 + (12 x 8 x 1.6) + (1.50 x 24 x 1.6)	Rs. 251.20
1.5 km, 6 min, Band A	40 + 18 + 9 = 67, above the minimum	Rs. 67.00
0.8 km, 4 min, Band A	40 + 9.60 + 6 = 55.60, minimum fare applies	Rs. 60.00
26 km airport drop, 62 min, Band A	40 + (12 x 26) + (1.50 x 62) + 75	Rs. 520.00
No-show at a standard pickup	Flat fee; no distance or time component	Rs. 60.00

7. Rate change history

Version	Effective	What changed
5.1	1 Aug 2026	No-show fee Rs. 50 to Rs. 60; cancellation fee Rs. 25 to Rs. 30; airport surcharge introduced
5.0	1 Feb 2026	Per-km rate Rs. 11 to Rs. 12; surge bands restructured from 3 bands to 5
4.3	1 Sep 2025	Minimum fare Rs. 50 to Rs. 60

Rates are reviewed quarterly by Revenue Operations. Queries to revops@cabify-lite.example. Internal reference: REV-PS-5.1.
